

KARL CHRISTIAN B. ANG

SUMMARY

IT-focused professional with experience in app and web development, system support, and technical documentation. Skilled in programming, front and back end web and app development, database fundamentals, and creating technical documentation, and digital assets to support system users. Quick learner with strong analytical and troubleshooting skills.

EXPERIENCE

IT Consultant | Odoo Technical Support, 02/2026 - 07/2026
Elyon Solutions International Inc. - Taguig

- An ERP / IT Consultant is responsible for helping businesses implement, configure, and support enterprise resource planning (ERP) systems such as Odoo or SAP. The role involves analyzing client business processes, translating their operational needs into system solutions, and ensuring that modules like accounting, inventory, sales, and purchasing work efficiently together. ERP consultants also provide user training, troubleshoot system issues, and assist clients in optimizing workflows to improve productivity, accuracy, and decision-making through integrated technology.

IT Intern, 09/2025 - 12/2025
Social Security System (SSS) - Taguig

- As an IT Intern at the SSS Taguig Branch, I managed official email communications, recorded member inquiries in a tracking system, designed QR codes for online services, and provided frontline IT support by assisting users with account access, navigation, and troubleshooting. These experiences strengthened my technical skills, attention to detail, communication abilities, and adaptability in professional environments.

Full Stack Web Developer, 06/2023 - 06/2025
Pacific Cross Philippines - Makati

- Developed the Pacific Cross Hospital and Clinic Finder System in Taguig City using HTML, CSS, JavaScript, PHP, and MySQL as part of a capstone project. Collaborated directly with the capstone client to analyze business requirements, recommend system processes, and implement requested features based on operational needs. Conducted interviews with partnered hospitals and clinics to understand their workflows with Pacific Cross and integrated these processes into the system design and functionality. Handled both front-end and back-end development, testing, documentation, and system implementation using Notepad++ and XAMPP and deployed the system through Hostinger while following the Waterfall development methodology to ensure the system functioned according to project requirements.

EDUCATION

Bachelor of Science: Information Technology, 2026
STI Global City - BGC, Taguig City

- I completed my Bachelor of Science in Information Technology at STI Global City, where I developed strong technical foundations in programming and software development. During my studies, I learned coding using Java, C#, Python, HTML, CSS, and JavaScript, and gained hands-on experience in web development through independent research and projects using PHP and SQL. I also studied mobile application development using Android Studio, game development using Unity, and enterprise systems through SAP training. In addition, I acquired practical knowledge in Linux system operations and basic networking, which enhanced my understanding of system administration and computing environments.

PROJECTS

- **Pacific Cross Hospital and Clinic Finder in Taguig City - Website (2025)**
Technologies Used: HTML, CSS, JavaScript, PHP, Leaflet.js, MySQL
 - Developed an interactive, searchable map to locate accredited Pacific Cross hospitals and clinics
 - Developed a live-view messaging page for communication between users and HMO employees
 - Developed an appointment system allowing users to create appointments with registered doctors
- **CVAELMS – Centerville Academy E-Learning Management System (2024)**
Technologies Used: Visual Studio MVC, C#, HTML, CSS, JavaScript
 - Developed the homepage featuring announcements, a calendar, subject listings, and an image slideshow with different views for teachers and students.
 - Developed a module that displays PDF learning materials based on the student’s assigned grade level and subjects.
 - Developed a quiz and activity management module that allows teachers to create activities, set submission deadlines, and grade student responses after submission.
- **PlayStation Buy and Sell Project (E-Commerce Windowed Application) (2024)**
Technologies Used: HTML, CSS, JavaScript, PHP, Leaflet.js, MySQL
 - Developed the user interface for buyer and seller account registration and login.
 - Developed a product browsing interface where users can search and view products, including images and pricing information stored in the database.
 - Developed a seller management interface that allows sellers to add products and manage product details, making them available in the searchable product listings.
- **Basic Java ATM Application (2026)**
Technologies Used: Visual Studio Code, Java
 - Developed a console-based ATM application that allows users to create an account, log in, withdraw funds, and check their account balance.
 - Implemented the application using Java methods without database integration.
 - Utilized switch-case statements, conditional logic (if-else), and object-oriented programming fundamentals throughout the application.
- **Basic Odoo Helpdesk Ticketing System (2026)**
Technologies Used: Visual Studio Code, Python, XML, CSS, GitHub
 - Developed the homepage of the ticketing system with multiple views, including Kanban, List, and Graph views.
 - Developed a ticket management module where users can create support tickets with an automatic ticket numbering sequence and custom backend fields for ticket details.
 - Collaborated with a teammate using Git and GitHub, utilizing version control commands to push, pull, and manage project updates.

AWARD *of* COURSE COMPLETION

Java Fundamentals

PRESENTED TO

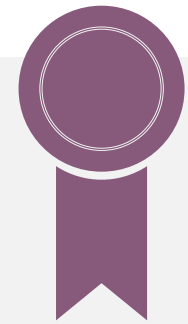

FOR SATISFACTORY COMPLETION OF ALL COURSEWORK

24th June 2023

Beronika Peña
Oracle Academy Instructor

CERTIFICATE

OF ACHIEVEMENT

This certificate is presented to

Karl Christian B. Ang

by Odoo S.A. for successfully completing
ODOO FUNCTIONAL CERTIFICATION - SAMPLE

03/05/2026 DATE

SAP recognizes

Karl Christian Ang

is certified as

SAP Certified - SAP Business One

This certification verifies that you possess the fundamental knowledge in the areas of implementation, logistics, financials and SAP Business One support and proves that you are able to work under the guidance of an experienced consultant to implement their first SAP Business One implementation project.

Issued on: Mar 10, 2026

Expires on: Mar 11, 2027

Certificate of Course Completion

Karl Christian Ang

has successfully achieved student level credential for completing the Introduction to Cybersecurity course.

The student was able to proficiently:

- Explain the basics of being safe online, including what cybersecurity is and its potential impact.*
- Explain the most common cyber threats, attacks, and vulnerabilities.*
- Explain how to protect oneself while online.*
- Explain how organizations can protect their operations against these attacks.*
- Access a variety of information and resources to explore the different career options in cybersecurity.*

CERTIFICATE OF COMPLETION

IS HEREBY PRESENTED TO:

KARL CHRISTIAN B. ANG

For having successfully attended and completed the
5-HOUR TRAINING in **"PYTHON PROGRAMMING FOR BEGINNERS:
FROM ZERO TO PYTHON — LEARN TO CODE, SOLVE PROBLEMS,
AND BUILD REAL PROJECTS"**
via Zoom on the **2nd day** of **March 2026**.

M.A. MASUSHIMA

Chief Executive Officer
Founder

ENGR. TIMOTHY MADRID

Chief Operations Officer
Founder

NATASSHA PAULINE P. CUA

Certified Full Stack Web Developer

COURSE OUTLINE:

- Key Features of Python
- Variables and Data Types
- Control Structures
- Functions and Their Applications
- Lists, Tuples, and Dictionaries
- Python Syntax and Structure
- String Manipulation Techniques
- Arithmetic Operations in Python
- Interactive Wrap-up & Q&A Session

CERTIFICATE OF COMPLETION

IS HEREBY PRESENTED TO:

KARL CHRISTIAN B. ANG

For having successfully attended and completed the
**5-HOUR TRAINING in "MYSQL DATABASE WORKSHOP:
REAL DATABASE EXPERIENCE USING MYSQL WORKBENCH"**
via Zoom.

Given this **6th day of January 2024.**

M.A. MASUSHIMA

Chief Executive Officer
Founder
